## THE STORY

The founders of Messina Hof, Paul Vincent & Merrill Bonarrigo, married and settled in Bryan, Texas and together re-introduced the concept of winemaking in Texas. The Bonarrigo family began making wine in the 1800s in Sicily. Paul and Merrill Bonarrigo planted their very first vineyard in 1977 and named it after their family origins of Messina, Sicily and Hof, Germany. The Bonarrigos became pioneers of the Texas wine industry, having established Messina Hof as the 4th winery in the state.

Today, their son Paul Mitchell Bonarrigo and his wife, Karen, continue the legacy of world-class wines and hospitality with the same founding principles of family, tradition, and romance. Messina Hof remains a leader in the Texas wine industry, which now has over 500 wineries. The Messina Hof brand has also grown from producing only 1,300 gallons, to now over 200,000 gallons of Texas wine per year with four locations in Texas: Bryan, Fredericksburg, Grapevine, and Richmond.

## AUGMENTED REALITY WINES

Messina Hof has developed three groundbreaking wine labels that use Augmented Reality. Sold exclusively at Messina Hof Harvest Green Winery & Kitchen, these are the very first Texas wines to feature interactive labels. Not only do they bring to life core themes in the Messina Hof winemaking process, but the design reflects the roots and farm-to-table elements manifested in our newest location.

## VINEYARD CUISINE™

Messina Hof's notable Vineyard Cuisine™, a concept that incorporates Messina Hof's wine with locally harvested herbs and vegetables into each dish, is served at Messina Hof Harvest Green Winery & Kitchen. Fresh-baked Neapolitan-style pizzas are made in a showstopping, oversized Mugnaini Wood Fired Pizza Oven, offering guests the heartfelt Italian style of cooking and entertaining.

## PHILOSOPHY

Messina Hof is a family-owned business based on the three cornerstones of family, tradition, and romance. We are dedicated to producing premium Texas wines that people love. Our passion is to share these wines through experiences of exceptional hospitality, food, and customer service in order to bring people into our Family and inspire them to share them with their own.

## WINEMAKING PROCESS

We pride ourselves on using Texas grapes from the best regions of the state. Unique, concentrated flavors are cultivated from the intense Texas heat and rich soil. Messina Hof is able to offer a broad spectrum of grape varieties by harvesting from a range of quality vineyards across the state. Each and every red wine is aged to perfection in select oak barrels. Messina Hof's red wine process of "whole berry fermentation" (skins, flesh, and seeds intact) produces aromatic and complex flavors. Our white wines showcase the freshness of our quality fruit through a bright flavor profile and crisp, clean finish.

## TASTING ROOM

Messina Hof Grapevine Winery showcases our immense selection of award-winning wines suitable for any palate. We offer a variety of tasting options including a premium tasting experience and even private group tastings. You can also experience our exclusive Messina Hof Grapevine wines that we've made available only at this location.
